Our standard assessment includes educational, behavioral, chemical health, medical, neuropsychological, psychiatric, family, and child psychosocial evaluations, as well as an assessment summary. NORTHWEST PASSAGE CHILD AND ADOLESCENT CENTER FAMILY AND INTAKE POLICIES

The following policies have been developed with considerable thought and consideration for the family and individuals who enter our program. Providing a safe and secure environment is a primary reason for these policies --your cooperation is greatly appreciated.

*These policies are not all inclusive - extenuating circumstances may require adjustments in policy.

PHONE CALLS:

Your son/daughter may receive phone calls from immediate family, attorney, and social workers throughout the 30-day evaluation period. We encourage immediate family to place their calls between 8:30 p.m. & 9:30 p.m. on weekdays due to the daytime structure. Your understanding and cooperation during these times will be appreciated. Evening staff will attempt to accommodate as much as possible. Because of the amount of incoming calls, a schedule may need to be set when several family members call. Residents are allowed to place three phone calls home to their family per week, Mondays, Thursdays, and once during the weekend (time may vary depending on the schedule). Exceptions to this rule are made depending on circumstances. The resident's attorney and/or social worker may call at anytime. In addition, the resident may contact their attorney and/or social worker at any reasonable time upon request without restriction.

WRITTEN COMMUNICATION:

Letters to your son/daughter from family and friends are permitted and encouraged.

VISITATION:

In recognition of the importance of family support for the residents, the program seeks to facilitate visits by providing families the following guidelines:

Prior to intake, the social worker will provide the case manager background information regarding resident and family. The social worker will help determine the level of visitation including frequency, duration, and location throughout the assessment process.

Due to confidentiality and other safety concerns we do not have open visitation. **Any unauthorized visitors will not be allowed. For this reason, visitors to the Center must have the approval of the social worker and case manager for any visit prior to entering the grounds.** Typically, due to the intense needs of the assessment period, we recommend two visits during the 30-day assessment. Exceptions to this rule are made depending on circumstances. **Again, visitors to the Center must have authorization from the social worker and case manager in order to visit. This authorization can be secured Monday through Thursday between the hours of 8:30 am and 4:30 pm. Visitations must be authorized by Thursday for the upcoming weekend due to the needs of weekend activity planning.**

For safety and confidentiality purposes we have designated visiting areas. All visitors are expected to follow the following rules of conduct:

1. conduct themselves in a positive and mature manner
2. not use profanity or act irresponsible
3. no one under the influence of drugs or alcohol may remain on the grounds or have contact with residents
4. anyone attempting to traffic drugs or prohibited possessions into the program will be reported to the local sheriff and barred from entering the program in the future.

PLACEMENT INTAKE:

If parents and social workers would like, they may participate in the placement intake, which will last approximately 1-2 hours. Please note: participation in this intake is neither required nor always necessary. Families will be asked to make themselves available to the assessment team approximately one week to ten days into the assessment for the Family Assessment. Participation in that Family Assessment should be given priority over attendance at the time of intake if attendance at both will not be possible due to scheduling time off from work or limitations in travel expenses. A tour of our facility will be given, information shared regarding rules and regulations, and expectations of the child, parents, and workers.

MEDICATION:

We ask that if your son/daughter is on prescribed medication they be supplied with an amount sufficient for the 30 days.

MISCELLANEOUS:

- Smoking is prohibited
- Portable CD players, MP3 players and radios are allowed. Hand held games are also allowed. Inappropriate language or content will not be allowed.
- We ask that you do not send money, food, or candy as residents' needs will be met per this agency.

I have read and understand the family and intake policies provided to me by the Northwest Passage Child and Adolescent Center program.

Parent/Legal Guardian Signature

Date

I, undersigned, hereby give permission to Northwest Passage Child and Adolescent Center to administer medication to my son/daughter while enrolled in the program. Please note: If any new prescription medications or change in medications are needed we will call you prior to these changes.

RIGHTS and GRIEVANCE PROCEDURE

When you receive services for a mental illness, developmental disability, or alcohol or drug abuse you have certain rights under Wisconsin law (s.51.61). You have these rights whether your program is residential or outpatient.

Under the rights of access and legal status you have the right: to be considered legally competent, unless otherwise determined by a court so that you can make your own decisions about things like getting married, voting and making a valid will, if you have a guardian, to have your guardian fully informed and allowed to participate in your treatment plan, and to sue for damages if someone violates your rights (s.51.61 (7)).

Whatever your particular needs are, you have the right to: treatment which is offered promptly and which is adequate to help with your particular problems, to refuse to take part in experimental research, and to be free from unnecessary or excessive medications.

While in therapy you have the right to refuse to: be filmed or taped without your consent, to have your treatment records and conversations among staff about your treatment kept confidential (s.51.30, Statutes. And HSS 92), and to have access to your treatment records at all times.

If you feel your rights were violated you may file a grievance with this agency. It is recommended that you, at first, make every effort to reconcile or correct the disagreement with your therapist. Notify your therapist/case manager of the grievance and seek resolution. That failing, a written statement describing the nature of your grievance needs to be presented to this agency. If you need assistance in preparing a written complaint, please contact the Client Rights Specialist (CRS) to help facilitate the process or notify the day treatment program to contact the CRS on your behalf. The CRS will be notified of the grievance and will review the grievance with you personally, and attempt to resolve the problem. If you disagree with the outcome you may appeal to the state grievance examiner.

If you believe a grievance is necessary: you are protected from any retribution, all information relative to a grievance is confidential, you have a right to have your grievance resolved within an appropriate amount of time. In most cases, a grievance will be resolved within 30 days, and you may have any person act as your advocate.

I acknowledge that I have received a copy of the Client Bill of Rights and the Grievance Procedure. I have read and understand the rights and grievance process. This acknowledgement is effective for one year from the date signed below.
